### **For Immediate Release**

## **Novel Focuses on Woman's Journey Toward Self-Acceptance**

World Wide Web – Idelle Kursman released her novel *The Book of Revelations* on May 20.

Christine overcame a hidden trauma from years earlier and is now enjoying a satisfying career and family life. But when a former boyfriend reappears, she fears he will expose her secret and the life she has built for herself and her family will unravel. How will her loved ones react when they find out she has been less than honest with them?

"It's highly recommended reading for those who like to see their characters evolve later in life, and for readers who know that no story is set in stone until the end of life." -Donovan's Literary Services

Idelle Kursman is a writer and teacher. Her first novel, *True Mercy*, was a winner of the Wishing Shelf Book Award. She has written for various publications, worked as a correspondent for a local newspaper, and edited a company newsletter.
